N&W AND NECTA: A LONG HISTORY OF TECHNOLOGICAL EXCELLENCE.

The origins of N&W's success within the Ho.Re.Ca. marketplace date back to the late 60s, when Zanussi Grandi Impianti (later acquired by the Swedish Group Electrolux) launched a range of automatic machines and coffee dispensers that immediately won acclaim, thanks to their performance excellence and design innovation.

At the end of the 90s, Zanussi leaves Electrolux, is renamed Necta Vending Solutions and merges with Wittenborg, giving birth to **N&W Group, world leader in the vending sector.**

The Necta brand is the trademark of the super automatic equipment manufactured in Italy for the Ho.Re.Ca. market. It is synonymous with the Italian coffee culture, drinks quality and variety, cutting-edge technology and constant commitment to meeting the multiple needs of the Ho.Re.Ca. marketplace.
